The Advance HE team is grateful for the support and input of everyone at the
who contributed to the Review, the steering group members, and the support

John Rushforth

Review Recommendation Council will seek to implement

Council has accepted the following Review recommendations and is now considering how to take them forward.

- x The University continues to explore innovative ways of developing diversity and specifically explores the possibility of using a Board Apprenticeship scheme
- x Consideration is given to adopting a more systematic approach to member development interviews and development opportunities
- x Discussions are held with student representatives to establish the most effective way to support them in developing their contribution to Council debates. The Council should also consider how more opportunities for it to hear from a wider range of students might be provided.
- x The Council confirms that engagement with staff and Trade Unions are matterprp autivf sudw</
